

## YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't eating, acting and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad, and a child is full of diarrhoea, more than a full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without straining, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels, and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 10-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Advertisement.

## Topeka People Tell It

Why daily along with backache, kidney troubles, bladder troubles? Topeka people will tell you how to find relief. Here's a Topeka case to guide you. And it's only one of hundreds. Thirty thousand Americans, men and women, are publicly praising Doan's Kidney Pills. Surely it is worth the while of any one who has a back ache, who feels tired, dull, nervous and run-down, who endures distressing urinary disorders, to give Doan's Kidney Pills a trial.

### Topeka Evidence:

Miss Jennie Garwood, 413 Lincoln St., says: "I had lumbago in the worst form. My back ached terribly and my kidneys were in pain. Doan's Kidney Pills soon relieved all trouble." (Statement given Oct. 28th, 1913.)

Over a year later Miss Garwood said: "I still use Doan's Kidney Pills whenever I feel in need of them, and am always promptly benefited."

## Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain, unadulterated coconut oil (which is pure and entirely greaseless), is much better than the most expensive soaps or shampoos. You can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get muslin coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

## FOR A BAD COUGH

Here is a fine old-fashioned recipe for coughs, colds or croup, trouble that has been used for many years with great success. Take from your drugstore 1 oz. of Paracetamol (Double Strength) and add to it 1/2 pint of hot water and 1/2 oz. of granulated sugar. Take one tablespoonful 4 times a day. No more racking your whole body with a cough, crouped nostrils, sore throat, or any other trouble. You can clear up so you can breathe freely. It is pleasant to take, costs little and is pleasant to take. One who has a stubborn cough, or hard cold or croup, in any form, should give this prescription a trial.—Advertisement.

## SURVIVES BIG FIRE

Era of Prosperity Started at Town of Edmond.

Burned Buildings Replaced With Modern Brick Structures.

START CONTRACTING EARLY

Town Gets New Church, Opera House and Homes.

Bank Manager, Roy Deever, a Former Topeka Boy.

Edmond, Kan., March 22.—Surmounting the discouragement placed in their way by a fire that destroyed a large part of the business section of the town, the people of Edmond have rebuilt the property destroyed and Edmond is in the front rank of Kansas towns which are enjoying prosperity and general improvement. Rapid growth of the little town is evidenced by the number of new business buildings and residences that are now under way or well advanced. A number of new homes have been built in the past few months.

Last summer a very severe fire swept out about half of the north side of the main block in town and instead of getting discouraged the town took advantage of the situation and instead of replacing the destroyed buildings with the average building, set in and built almost the entire block in substantial brick buildings. Among these is the C. L. Hazlett hotel which traveling men strive to reach whenever anywhere near the town. It is modern and comfortable accommodations. Also the Jaquiss drug store, a very fine brick structure and the Hickney general store, a block of brick, represent two of the finest stores in Norton county.

### Has a Large Bank

The building of the National bank, being a nearly fireproof brick structure, was the only business house on that side of the block saved from the fire. The building is a fine one, over \$105,000 and the total resources are in excess of \$160,000. The managing officer is a former Topeka boy, Roy M. Deever, son of J. B. Deever, and a brother of Rev. O. T. Deever, who was pastor of the First U. B. church of Topeka for many years. In addition to the building of last fall and winter the little city has started in bright and early this spring on a lot of new buildings. A new opera house to be 22 by 70 feet, built of brick, arranged for pictures and stage performances both, is already under construction by W. T. Newbold. It will have a seating capacity of about 350, and the management expects to put out high class entertainment.

The United Brethren church has the foundation completed for a new \$4,000 brick to be built after the library style. It will be built of red brick 24 feet by 50, and will have a basement under the entire church. The building will be ready for dedication about June.

### Build a New Elevator

A new elevator is announced to be built by the Peterson Grain Co., and will be completed in a few days. There is no elevator at present. The new elevator will be a 25,000 bushel capacity and will have in addition bins which will take care of as much more grain as that the total capacity of the new enterprise will be 50,000 bushels.

Edmond also has a first class newspaper and takes its part in all local politics. It has also petitioned the county commissioners for location of the third class, having the required 200 inhabitants.

### Many New Homes

In addition to the business houses to be built and already in course of construction there will be four or five new residences erected. Not a house has been vacant and in cases more than one family have occupied the same house. J. H. Stephenson, the lumberman and Roy M. Deever, the banker, are already building their homes on the same street. Roy Woodward, a merchant, has purchased a building site and will erect a home as soon as he can get some of the workmen. It, they being all busy either in the town or country and Mr. Woodward wants to wait his turn.

### Auto Bandits Caught

Officials of Cherokee County Hold Four for Many Robberies.

Columbus, Kan., March 22.—In the arrest of the four men, alleged to have been in the gang which held up and robbed C. C. Stiles and Fred Fields of a motor car, Sheriff Ralph E. Martin and his deputies believe they have broken up one of the holdup gangs which have been causing a great deal of trouble in the Joplin and border district for several months.

Sheriff Martin and Deputy Sheriff Cook went to Coffeyville and returned to Columbus with the four prisoners. The four have given their names as Charles Pearson, James Martin, I. E. Dornier and Dave Hines.

### USE NEWSPAPER TEXTBOOKS

Students in Salina Schools Keep Up With European War Names.

Salina, Kan., March 22.—One of the most popular studies in Salina county schools is the course in history based on the present war. The course is announced here today. Through a recent order from the superintendent of schools, pupils in all schools have been instructed in history by studying newspapers which cover the news of the European war comprehensively and the teachers say that the students take a great interest in history than ever before.

In several schools the "newspaper text books" are supplemented by the

use of war maps drawn on the blackboard by pupils in the school. During the recent drive on Verdun the pupils in the schools in that county changed their maps every day to show the progress of the armies. Teachers state:

### GIVE 137 SUMMER COURSES

Big Warm Weather Session Planned by the Agricultural College.

Manhattan, Kan., March 22.—A total of 137 courses, taught by 60 professors in the college and experts from other places, will be offered in the summer session of the Kansas State Agricultural college, which will continue from June 15 to July 27. The bulletin of the summer school is now being distributed by Edwin L. Holton, director. Attendance is expected to be at least 500.

A seminar in the teaching of agriculture, intended primarily for college teachers of the subject, superintendents of schools and principals of high schools, will be directed by Dr. Lavton S. Hawkins of New York. Dr. H. J. Waters, president of the college, and others.

### INSURANCE MAN FOUND DEAD

Representative of Topeka Company at Hutchinson Stricken With Apoplexy.

Hutchinson, Kan., March 22.—Earl A. Ryder, an insurance agent of the Kansas Life Insurance company at Topeka, was found dead in bed at his home, 1034 1/2 South Main street, when L. W. Cutler, who worked for the same company and roomed with him, made an examination. Apoplexy was the cause of death.

Ryder had been ill earlier in the day, and had called in a physician. Cutler went down stairs to get a paper. Ryder was still in bed and it was on his return, that it was found that he was dead. Dr. W. H. Williamson, county coroner, was summoned, who after an examination, decided no inquest was necessary.

Ryder was 41 years of age. He had been married. He is survived by a sister, Mrs. Alva A. Ryder, who lives at Hutchinson. He was a member of the Masonic lodge.

### SETTLE BIG SUIT FOR \$25

Plaintiff Asked Damages of \$10,000 From Missouri Pacific Railroad.

Atholton, Kan., March 22.—A \$10,000 damage suit against the Missouri Pacific Railroad was settled for \$25. W. Waggener, general attorney for the road in Kansas, effected the compromise with the plaintiff's attorney in Kansas City.

"It was another of those nitch lawyer suits," declared Mr. Waggener. "They didn't have any case in the first place, the man for whose death they were suing having been a trespasser at the time he was killed. They claimed he was a brakeman for a ride in a box car."

### BUY TICKETS AT HIWATHA

Travelers Save Money on Train Fare From Nebraska Points.

Hiawatha, Kan., March 22.—Tuesday, April 4, the citizens of Hiawatha will vote on the question of issuing \$25,000 bonds for the purpose of erecting a modern high school building, which will house the city officers, for city hall and for such other purposes as the needs of the community may require. The plan is to build a city hall which will house all city departments and also contain an auditorium which will be a town gathering place. The building will seat from 800 to 1,000 persons and will be a modern place for lectures, entertainment, concerts and all gatherings of town interest.

### NEW KANSAS TOWN OPENED

Many Buy Lots in Yorktown on the Salina Northern.

Yorktown, Kan., March 22.—The townsite of Yorktown was surveyed last week and is now being platted. The coming status of the new town can be judged by the way in which people are looking for locations here since the platting began.

### LOOKING FOR WORK

Everywhere men complain about work; even boys and girls in school or business find work tedious and irksome, but it isn't the work half so much as their own lack of physical strength that makes it hard.

Rich blood, strong lungs and healthful digestion make work pleasurable in business, in school or even housework, and if those who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—let it build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. Insist on Scott's.

Scott & Bowne, Bloomfield, N. J. 15-35 (Advertisement.)

## RESOLUTIONS

The resolutions adopted by the Republican state convention at Topeka Tuesday follow:

We, the Republicans of Kansas in delegate convention assembled, with enthusiasm our allegiance to the principles of the Republican party, and looking forward with confidence to a victory in November which shall re-establish those principles in the affairs of our country, we declare as follows:

The experience of the past three years has demonstrated again the necessity of the Democratic party successfully to administer, either the foreign or domestic affairs of the United States. The violation and uncertain course pursued by the Wilson administration in the relations of this country with Mexico and with the warring nations of Europe, has brought discredit into our own national councils, and has aroused against us a feeling of resentment and hostility among those who should be our friends and allies. While the passage of ill-considered and injudicious legislation, particularly the enactment of a tariff law which exposed the products of the American industry to the destructive competition of similar products from other countries, resulted in a widespread loss of employment to millions of our people, the continuation of which was caused by the European war, which, during the period of its continuance, has resulted in a loss of employment to millions of our people, and is wholly due to the manufacture and sale of munitions of war, is not the kind of prosperity which we can take either pride or satisfaction in. Nor is it the kind of prosperity which we can take either pride or satisfaction in. Nor is it the kind of prosperity which we can take either pride or satisfaction in.

### THE EUROPEAN WAR

Deeply deploring the situation of the war in Europe, with all its attendant horrors, and hoping for an early return of peace, we believe it is our duty to urge with all possible emphasis, that the affairs of the United States be conducted so as to avoid any action which might bring this nation into the terrible conflict.

We believe that the Republican party has always believed in an army and navy kept at a high standard of efficiency, and large enough to enable the country to resist against any attack that might reasonably be expected to be made against us from any quarter, but we do not believe in an increase of our present establishment so enormous as to put us in a position to try that, to lay an unreasonable burden upon our people, or to lay an unreasonable burden upon the treasury.

We deplore the suspension of diplomatic relations in the relations of our country with Mexico, which has led to the bringing of our troops into armed collision with the forces of the United States, and which has brought about a situation which is wholly unwelcome to the people of this country, and which we earnestly hope that war may be averted, and that the United States may be able to withdraw its troops from Mexico and the border may be secured.

We deplore the suspension of diplomatic relations in the relations of our country with Mexico, which has led to the bringing of our troops into armed collision with the forces of the United States, and which has brought about a situation which is wholly unwelcome to the people of this country, and which we earnestly hope that war may be averted, and that the United States may be able to withdraw its troops from Mexico and the border may be secured.

### PROSPERITY ONLY TRANSLAT

Fully convinced as above stated, that prosperity, so far as it now exists in our country, is the result of the European war, and will be abruptly ceased when the war comes to a close, we believe the nation should begin to prepare for peace by the election of a Republican president and congress, who will enact legislation to prevent the American people from being misled by the propaganda of the war, and who will prevent the demoralization of our labor market by such propaganda.

We deplore the suspension of diplomatic relations in the relations of our country with Mexico, which has led to the bringing of our troops into armed collision with the forces of the United States, and which has brought about a situation which is wholly unwelcome to the people of this country, and which we earnestly hope that war may be averted, and that the United States may be able to withdraw its troops from Mexico and the border may be secured.

## THEY HAVE THE MONEY

Mohler Holds That Farmers Can Afford to Buy Automobiles.

In reply to inquiries, J. C. Mohler, secretary of the state board of agriculture, has issued a statement in which he declares that Kansas farmers are not indulging in luxuries which they cannot afford. Whenever the farmer buys an automobile he is well able to spend the money, Mr. Mohler asserted, although he did not base his statement on any statistics on the subject.

"We have approximately \$9,000 motor cars registered in the state this year, as opposed to 53,000 a year ago, but I believe the farmers can afford to buy cars," said Mr. Mohler. "There has been some criticism that the Kansas farmer indulges in luxuries too much but I have never found that true."

In support of his statement Mr. Mohler told of an incident that happened in a small town not long ago. A large, raw-boned farmer walked into a garage and asked to be shown an automobile. The salesman thought the fellow would want about a \$500 car so showed him one.

"Is that the best you have?" the farmer asked. "Yes, sir," the salesman replied. "When farmers can do that they are entitled to buy automobiles," Mr. Mohler said.

### HOLD 'EM FOR BATH

Rigorous Fumigation Needed by 91 Immigrants With "Pediculosis."

New York, March 22.—Ninety-one immigrants, most of them from Albania, are in quarantine on Hoffman island today owing to the discovery of a plague known as pediculosis, which attacks the feet. The treatment is a rigorous course of antiseptic baths and fumigations.

### METHODISTS AT CONCORDIA

300 Delegates Expected at Northwest Kansas Conference.

Concordia, Kan., March 22.—The largest session of the Northwest Kansas Methodist conference ever held opens here today. The Lay Electoral Conference will be included in the session. Over three hundred ministers and laymen are expected to attend.

Two new district superintendents will be appointed, one in the Salina district and one in the Colby district. Many preachers are being named as possibilities.

W. H. Wilbur, P. Thirkield will preside at the conference, which will last till next Saturday, or possibly Monday.

"Paw, what's the longest period of time?" "From one pay day to the next," Buffalo Express.
